

FOR MEMBER OF THE CITY COUNCIL

EMILY GABEL-LUDDY

Age: 65

Occupation: Burbank City Councilmember

First, thank you giving me the opportunity to serve as your Mayor last year and as a Councilmember for the last 3 ½ years.

In 2011 I committed to maintain police, fire, public works and senior services, protect libraries and parks, support expanded business opportunities, and partner with our schools. I am proud we balanced the City budget while dedicating an additional \$1.2 million to residential street repairs annually for five years and that I could secure multi-year funding for school-based counselling programs.

I am proud of leading a team of city staff and community partners who reenergized the Domestic Violence Task Force, and of working with the Cultural Arts and Sustainable Commissions.

In the next few years increased development pressure, and the disruptions caused by Caltrans I-5 construction, will make protection of our neighborhoods and support for our businesses more important than ever.

I lived up to the commitments I made in 2011. Now I am asking for your vote so that I can put the experience I gained on the Council, and my thirty years of professional experience as a city planner, to work developing constructive, effective and positive solutions to the challenges and opportunities facing our community.
